

# SUREFIRE STORAGE FOR DESKTOP PRODUCTION AND BACKUP

“A champ from the start ... fast performance, connectivity, and excellent reliability.”

—Daniel M. East, Photoshop User Magazine

OWC

## Mercury Elite Pro

PROFESSIONAL GRADE EXTERNAL STORAGE  
AND BACKUP SOLUTIONS YOU CAN DEPEND ON

Up to 4TB

The Mercury Elite Pro is a straightforward, reliable external storage solution that's ideally configured for video, digital photography, professional music, graphics, general data and backup applications. Whether it makes its home on your desktop as a workflow staple, or travels to and from the office or studio, capacities up to 4TB will handle the needs of even the most demanding power-user. Plus, the Mercury Elite Pro's brushed aluminum enclosure perfectly complements your MacBook Pro or Mac Pro—performance and elegance wrapped into a single reliable storage solution, just like your Mac.
